Profile

I'm a passionate and detail-oriented **Full Stack Web Developer** who loves turning ideas into fully functional, visually appealing digital experiences. I specialize in building **modern, scalable web applications** using technologies like **Next.js, React, Node.js, Express, MongoDB, and Tailwind CSS**.

I enjoy working on both the **frontend and backend**, ensuring clean, efficient code and a smooth user experience. I've created **e-commerce platforms, blogs, and dashboards**, and I'm always eager to learn new technologies to stay ahead in the fast-evolving web world. My focus is on writing clean code, improving performance, and delivering professional, production-ready solutions.

Professional Experience

05/2025 – 06/2025 Queta	**Blog platform** *Charsi* ↗ **Charsi** is a **full-featured blog platform** inspired by **Medium**, built with Next.**js, Node.js, Express, MongoDB,** and **NextAuth**. It lets users **create, edit, publish,** and **delete** blogs, as well as like, **comment**, and **view posts in real time**. Featuring **Google** and credentials **authentication** with personalized **dashboards**, it showcases my ability to build **production-level full-stack apps** that combine *functionality, aesthetics*, and *modern web technologies.*
06/2025 – 08/2024 Queta	**E-commerce Website** *Xavique* ↗ **Xavique** is a **modern e-commerce platform** built with **Next.js**, **Node.js**, **Express**, **MongoDB**, and **Tailwind CSS**. It offers a **smooth shopping experience** with **product discovery**, **search**, **cart management**, **authentication**, and **secure checkout**. Focused on **speed**, **scalability**, and **responsive design**, it showcases my ability to build **refined**, **robust**, and **production-ready apps** with a **strong backend** and **intuitive interface**.
08/2025 – 10/2025 Queta	**Barber Appointment Platform** *Straight Edge* ↗ **Straight Edge** is a **modern barber booking platform** built with **Next.js**, **Node.js**, **Express**, **MongoDB**, and **Tailwind CSS**. It enables users to **book and manage appointments** while helping barbers **track schedules** and **organize services**. With **real-time updates**, **secure login**, and a **responsive design**, it ensures a **seamless experience** across devices and highlights my ability to build **scalable**, **user-focused**, and **modern full-stack apps**.
